ANTHROPOLOGY— Paper I

(Introduction to Biological Anthropology)

(Admissions of 2004 and onwards)

Time : 3 hours

Maximum Marks : 45

*(Write your Roll No. on the top immediately
on receipt of this question paper.)*

Attempt any five questions.

All questions carry equal marks.

1. Discuss the aim and scope of Physical/Biological Anthropology and briefly describe its various branches.
2. Describe Darwin's theory of evolution. How does it differ from Lamarckism?
3. Discuss the characteristic features of primates and describe their various patterns of locomotion.
4. Compare and contrast between the physical characters of man and great apes.
5. Define race. Describe the criteria used for racial classifications.

Turn over

6. Discuss briefly the evolution of man.
7. Describe UNESCO statement on race.
8. Discuss various numerical chromosomal abnormalities found in man with suitable examples.
9. Write short notes on any *two* of the following:
 - (i) Human growth and development
 - (ii) Synthetic theory of evolution
 - (iii) Altruistic behaviour of non-human primates
 - (iv) Human variation.
