Paper— ANHT-102

(Introduction to Biological Anthropology)

(Admissions of 2010 and onwards)

Time : 3 hours

Maximum Marks : 75

*(Write your Roll No. on the top immediately
on receipt of this question paper.)*

Attempt any five questions.

All questions carry equal marks.

1. Examine Darwin's theory of organic evolution with special reference to his original ideas on natural selection.
2. Briefly outline the phylogeny, distribution and characteristics of Hominids.
3. Define physical anthropology. Discuss its scope and branches.
4. Describe the factors responsible for human growth and development.

P. T. O.

5. Give the salient features of the behaviour among non-human primates.
6. Bring out the relationship of biological anthropology with medical and health sciences.
7. Explain the concept of race in the light of UNESCO's statement.
8. Discuss the contribution of Hugo de Vries and T H Morgan in understanding mutational theory.
9. Write short notes on any *two* of the following:
- (a) Human evolution
 - (b) Genetic drift
 - (c) Human chromosomes
 - (d) Ethnic group.
